The *Upper Room AIDS Ministry* is a Harlem-based agency providing direct physical and spiritual support to individuals and families suffering the dual epidemics of homelessness and AIDS. Fostering more healthful living that honors body, mind, and spirit, the Upper Room provides housing, pastoral care, and a Day Center offering a full range of adult services.

A portion of the evening's proceeds will be shared with *The Barbara Sinatra Children's Center at Eisenhower Medical Center in Rancho Mirage, CA*, which treats young victims of sexual abuse.
